123	Commercial Bred Heifers	\$1165

Thank you to all Buyers!

After several years of developing a top notch South Devon herd the Biebers decided to turn loose some of the cows and focus on their main line Red Angus herd. The South Devon cattle sold well and comprised of the majority of the cow offering. The Red Angus offering was very high quality and also sold well.

There were buyers from 17 states registered to buy these cows and there was a lot of phone activity. Also included in the group were some very nice bred commercial heifers that sold very well.

South Devon
