

Bieber Fever Performance Bull Sale Catalog Corrections

Scratch Lots

The following lots have been scratched from the sale order.

50, 53, 88, 99, 100, 108, 125, 136, 157, 167, 208, 221, 251

Retained Interest Update

In response to increasing interest in several lots in our upcoming sale, we have decided to offer the following retained interest update. We usually retain 50% interest in every lot, but have decided to relinquish 70% interest and retain only 30% of any bull that sells for more than \$50,000. The winning buyer on any lot sold over that amount will receive 70% interest and full possession on the bull. We will complete the transfer of the 70% interest once the invoice is paid in full and we have collected semen for use in our own program.

Lots 1 and 2 have been tested and are scheduled to enter Custom Genetic Solutions in Mitchell, SD the week following the sale.

EPD Data Changes

The following lots had a noticeable change in a certain EPD trait from the time the catalog was printed, to today. The lots are listed below, and the EPD value that changed is highlighted. The most recent EPD values are used below and in the sortable spreadsheet posted on our website. Please let us know if you have any questions on these changes.
